Mystic Musings is an unusual book, which may very well defy all efforts at categorization. The author's purpose is to uplift the human spirit, and he does so through unique and refreshing poetic verse. The inspirational messages and life lessons presented in this book will only leave you wanting more. While the book represents a new and interesting poetic style, it is less a book of poetry and more a collection of short stories about breaking through the bondage of the human spirit, en route to becoming all that we were meant to be.
